## Picking up your vehicle

You need to bring...

A valid driving license for each driver (not in a digital format). In Italy all licenses issued by an EU country are accepted. In the case of driving licenses issued by a non-EU country, it is necessary to show, together with your licence, a sworn translation of the same or an International driving permit.

A credit or debit card in the name of the main driver issued by a bank and leaning on a bank account. **ATTENTION:** No prepaid or debit cards are accepted at the rental station at the check-out. (For some luxury cars, 2 credit cards are required).

Your ID or, for non italians citizens, a passport. Please note that in all cases in which the rental exceeds 30 days and you, or any other driver, have the continuous and exclusive availability of the vehicle, you will be required to perform the formalities requested for the update of the National Vehicles Register as provided in articles 94, paragraph 4 bis, of the Italian Traffic Code.
